INTERVIEW WITH CHRIS & VINNY & VARIOUS MEMBERS OF SUPER SKA PUNK LESS THAN JAKE PRE READING VANS WARP STAGE- TOUR BUS 27/08/1999

Just arrived everyone waking up on bus:

Are we somewhere they speak fucking English yet? Thank God, we've been touring everywhere, Slovenia, Germany, Holland every date so far in the 1999 Warp show. We just played Germany and none of the people in Germany had any idea what we were saying, we'd be on stage ranting and raving and the only thing they understood was references to Klaus Meine from the Scorpions or David Hasselhof, that made them go wahaay and cheer wildly.

Oh God the Scorpions...
You don't like Rock you like a hurricane?

No
Iron Maiden?

Yup
Did you like them with Blaze Bailey- aha you see I'm well versed for an American, I remember Wolfsbane did you like them?

Yeah
Did you think Blaze was hot?

No he looks like a chimpanzee
But everyone's happy now Bruce is back- right!

Yup
Hey we've switched placesno more serious interviews I need a little levity, I now feel I have to point out that your microphone there looks exactly like the butt plug I bought for my girlfriend on her 23rd birthdayexcept where the mini disc is I'd have a remote control so's I could vary the tempo.....and hey you have a pager -Vinnie and I bought pagers ...see.....with the express purpose of sticking them up our asses and then calling each other....(because they vibrate) my phone bill is like \$400 from just calling Chris!!!!

So how come you're Americans into ska then did you get all the two tone stuff like the Specials?? we got Madness but not so much of that third wave of ska I mean originally it came from Jamaica but we were listening more to bands like Operation Ivy and the Bosstones very early on and so that kind of influenced us, also a band from here (England) called Snuff, we got the record about ten years ago and it was pop punk with a trombone in it, that inspired us and so that was the direction we wanted to go in, last year they came to play the US it was Snuff, All and us, a dream tour we were so happy

Describe your famed live show

Nakedness, dirtiness, you'll have to see us, we like our shows to be mass insanity, whatever happens happens, we don't even know what we're gonna play until we play it

Where are you from?

Florida - yeah Morbid Angel, Deicide we're in good company except if we were going to burn upside down crosses on ourselves we'd do it on our butts so we could pull our testicles down and it'd be kinda like a target.....

Do any of you skate then?

I did until this (shows truly impressive scar) I can't skate anymore I actually got hit badly by a car also when I skated - I smoked pot at the same and when I quit smoking pot I found I couldn't skate anymore all my skills just dissolved so now I do neither, here I am talentless, penniless, ugly, small penis and sober on top of all that!

What's the worst thing that's happened to you at a festival?

Being frightened by our driver who's up top sleeping right now, who wears these really tight briefs and he's hung like a horse. I discovered this being very shocked to wake up on this couch one morning and he'd come down for a glass of water and there he was - in front of me in this thong type affair - like a tiny piece of elastic around the waist with a pouch to cover the testicles and penis, yellow ones, now his nickname is banana hammock!
